GOPI S

Frontend Developer

📞 **7904805711**   @ **gopigopzofficial@gmail.com**   📍 **No 11 "B" Block Lazer Apartments, Guruvappan Street Kottur Chennai**

SUMMARY

Frontend Developer with 2 years and 8 months of experience building responsive, user-friendly websites using HTML, CSS, Bootstrap, and JavaScript. Recently completed advanced JavaScript and React JS training at Login360 Institute. Skilled in transforming UI designs into clean, efficient, and consistent interfaces with a strong focus on performance, code quality, and smooth user experience. Committed to continuous learning, modern frontend practices, and delivering reliable solutions that meet real-world requirements.

EXPERIENCE

Frontend Developer   2 years 8 months

RR SOLUTIONS PVT LTD

📅 07/2022 - 03/2025   📍 Adyar,Chennai

- Developed responsive and user-friendly web interfaces using **HTML, CSS, JavaScript, Bootstrap, and React JS**, ensuring smooth performance across devices.
- Converted UI/UX wireframes and design mockups into clean, pixel-perfect frontend code with strong attention to detail and consistency.
- Optimized websites for speed, scalability, SEO, and asset performance, improving loading times and overall user experience.
- Maintained and updated existing client websites by fixing UI bugs, enhancing layouts, adding new sections, and ensuring cross-browser and mobile compatibility.
- Collaborated closely with designers and backend developers to implement new features, perform testing, and follow modern frontend development best practices.
